- WINERY OF THE MONTH -

SANTOLIN

Under the Santolin label, dynamic duo Rebecca & Adrian express their creativity by producing Italian varietals, inspired by Adrian's rich Italian heritage. Their commitment to minimal intervention winemaking is evident in their unconventional techniques, such as leaving wine on its skins for added color and texture. The result is a portfolio of wines that reflects not only their craftsmanship but also the unique characteristics of the grapes they work with.

2021 Santolin Vermentino, 17

A hand picked, barrel fermented white, with grapes from the Alpine Valley, that is beautifully textural. Lovely light floral notes with hints of grapefruit.

2019 Santolin 'Il Capo', 17

Inspired by Southern Italian reds with a blend of Nero d'Avola and Negroamaro, Il Capo offers a medium-bodied, fruit-driven experience with savory undertones—the perfect companion for any Italian dish.
